

The College of Health and Human Services was formed in 1994 in order to provide quality education for professional practice in a variety of areas associated with health and human services. The college aspires to the highest standards of educational excellence, blending a professional perspective with a liberal arts and science foundation.

Within the College of Health and Human Services are the School of Nursing, the School of Hospitality, Sport and Tourism Management, the Department of Human Services, the Department of Kinesiology and Health Promotion, and the Department of Athletic Training Education Program.

The college is committed to meeting the challenges of the next decade; hence, it emphasizes quality teaching and values scholar-

A minor in Case Management is offered to students who desire a basic understanding of the process and foundational skill sets necessary to provide case management services in a variety of settings.

The purpose of the human services major is twofold: (1) to prepare the graduate for entry level positions in a myriad of human services delivery systems where specialized training is not required, and (2) to prepare students for graduate education. The curriculum is designed to provide the student with an understanding of human behavior within the context of the social environment, an understanding of social and human service

Students will complete the general studies requirements as outlined in the general studies section of this catalog with the following exception. In AREA II take COM 2241 and any 1000-2000 level Literature Series (6 hours); and, in Area IV take a History Series (6 hours). The following general studies courses are required for social work majors: ANT 2200, ECO 2251, POL 2241, PSY 2200, SOC 2275, and PSY 3304. Courses with similar course content in General Studies may be considered for substitution by the department chair.

Students must be admitted to the professional social work curriculum in order to enroll in advanced social work courses, beginning with SWK 3390. Students are encouraged to declare social work as a major during the freshman or sophomore year in order to ensure that they will meet the requirements for admission in a timely manner. Otherwise, the student may be out of sequence in meeting program requirements. Admission to the professional social work curriculum is usually accomplished during the first semester of the junior year concurrent with enrollment in SWK 2250, which precedes enrollment in SWK 3390 the following semester. To be eligible to apply for admission, each social work major must (1) have a minimum GPA of 2.5 (on a 4 point scale) in all college courses attempted and have completed a minimum of 30 semester hours, and (2) have completed ENG 1101 and 1102 or ENG 1103 and 1104; COM 2241 or 2243; HS 2240, 3310 and 3370; and SWK 2250 and 2280 (or be currently enrolled) with a grade of C or better. Procedures for applying for admission to the professional social work curriculum may be obtained from the Department of Social Work. Students completing all but 3-6 hours of general studies courses
