

The IDEA Bank Student Entrepreneurs in Residence program is designed to provide student-businesses with a space, outlet, and resources for growth. Businesses selected for the program will be provided with a designated workspace in the IDEA Bank, will receive special assistance on growth and development, will be featured in IDEA Bank programming throughout the year, and will take part in monthly networking opportunities. The program is designed for students who have a clear business idea/vision and are seeking to grow their business through the resources of the program and the IDEA Bank.

- < 24/7 access to the IDEA Bank
  - < End the program as a licensed business in the City of Troy
  - < One-on-one mentorship & advising from IDEA Bank staff
